Admissions 2022

New Programmes for 2022 Intake

Faculty of Arts Bachelor of Arts in Humanities and Digital Technologies*

This interdisciplinary programme brings together your digital technology skills with your chosen humanities discipline to create an individually-tailored learning experience. You will be equipped with the skills to drive pioneering work in your humanities areas of specialisation, with the capacity to think in new ways about technological innovation, and with the ability to build a career in a wide array of fields.

HKU Business School Bachelor of Science in Marketing Analytics and Technology*

This programme equips you with quantitative skills, technology, and marketing know-how to pursue a career in the digital economy and modern businesses. Graduates will be well-prepared to join the workforce in digital marketing, entrepreneurship and start-ups, gaming, digital platforms, e-commerce, IT, consulting, finance, and other industries with a focus on analytics, data, and technology.

Faculty of Engineering Bachelor of Engineering in Data Science and Engineering*

Under this programme, you will be nurtured to become a professional who is equipped with core knowledge and technologies in data science and practical training in data engineering, and is capable in driving different disciplines to excel in the era of big data.

LKS Faculty of Medicine Bachelor of Science in Bioinformatics

The BSc(Bioinformatics) programme nurtures the next generation of biomedical data science professionals that are well equipped to work in innovative areas of growth such as genomic technology, precision medicine, digital health, mobile health, big data analysis of electronic health data, and global health analytics.

Faculty of Science Bachelor of Science and Bachelor of Laws

The BSc&LLB programme aims to cultivate your legal and scientific mind sets. You will be equipped with academic and interdisciplinary knowledge and skills in science and law, via specially designed courses and capstone experiences in the programme, to solve novel and real-life scientific and legal problems.

Faculty of Social Sciences Bachelor of Psychology*

The new BPsych programme provides an internationally-recognised qualification in fundamental aspects of Psychology that allows students to pursue both professional training in applied aspects of Psychology (e.g. Educational or Clinical Psychology), and advanced research training in all related research areas of Psychology, including Cognitive Science and Neuroscience.
